Maximum Range of Projectiles

Many range operators ask how can they figure the maximum ranges of rifles, pistols, and shotguns.

An angle of elevation of 45° gives maximum range only in empty space where there is no air drag. This effect is approximated in air by very heavy projectiles of low speed and consequent low drag.

With most useful projectiles the effect is quite different. Very long range artillery is fired (or rather was, since it is no longer in use) at angles considerably above 45° for maximum range, for the advantage of getting the shell out of dense atmosphere during most of its flight. The situation with small-arms bullets is the opposite. Their whole flight must be in dense air, which shortens their maximum range to only a tiny fraction of what it would be without drag. This has also the affect that maximum range is obtained at only 25° to 30° elevation.

There is very little range change between 20° and 33° elevation, depending on the bullet, the range of small arms at only 5° elevation is from half to two-thirds the maximum range. This illustrates how little is the safety provided by merely limiting the angle of elevation at which firing is done.

<i>Bullet Name</i>	<i>Bullet wt. (grs.)</i>	<i>Muzzle Vel. (f.p.s.)</i>	<i>Ballistic Coefficient</i>	<i>Extreme Range</i>		<i>Percent of max vacuum range</i>
				<i>(yds.)</i>	<i>(miles)</i>	
Cal. .22 long rifle	40	1145	.128	1500	.85	12%
Cal. .380acp	95	970	.08	1089	.62	12%
Cal. .45acp	234	820	.16	1640	.93	24%

Cal. .50 AP M2	718	2840	.84	7275	4.13	9%

While weight of the Cal. .30 Ball M1 is about 20grs. more than that of the Ball M2, the great difference between their maximum ranges is due almost entirely to the boattail of the M1, which markedly lessened drag at subsonic speeds and so lengthened the distance the bullet flies at low speed.

Sign in book

The sign in book is located in the foyer of the entrance of the main clubhouse.

All members & their invited guests are required to sign/out each & every time they enter/exit the association property.

When filling out the sign in book, **please print clearly** & include your membership ID number & indicate whether or not you have a guest.

Guest policy / Guest Passes

A member may bring up to 3 guests at a time, each with a guest pass & may not bring any single person as a guest more than 3 times in a membership year , at which time we ask that they join as a member.

Guest passes are obtainable from any association executive committee member or in the vending machine inside of the clubhouse (machine only takes \$1 bills or quarters - no \$5 bills).

Guest passes must be filled out completely (*please print*) & posted visibly on your guest at all times they are on the association property.

The white copy of the guest pass stays on your guest & the yellow copy must be deposited in the guest pass slot located in the foyer - on the door next to the sign in book.

Only association members are permitted to purchase guest passes.

Only official association guest passes may be used.

A scrap piece of paper with a \$5 bill is not allowed.

Guest passes are only good for 1 day usage.

You must have your guest in your presence & under your supervision at all times while on the association property & you are responsible for your guests actions. Guests must follow all rules the same as members.

Always leave the association facilities/grounds in better condition than you found them.

This is your club, treat it with respect.

Frequently Asked Questions

Q: I want to use the camping area, can I bring my 40' motor coach?

A: We really don't have the space or the facilities for something that size, our camping area is setup more for tents & maybe a small popup camper at most.

Q: Are there any restrictions as to what type of firearms may be used on the ranges?

A: You may fire any type of firearm that you can legally possess under BATF rules as long as you follow the posted rules & you use them safely. The only restriction is in dealing with Class 3 firearms, special permission must be obtained & a permit issued by the board of directors to fire them on the association ranges.

Q: Are there any restrictions as to rate of fire or magazine capacity for semi-autos?

A: No, not currently. As long as you can fire it safely & follow the rules it is allowed.

Q: What happens if I get caught breaking the posted rules?

A: Disciplinary actions can range from a verbal warning or a temporary suspension to total expulsion, depending on the infraction/offense.

Q: Can anyone join the association?

A: Yes, As long as they can legally possess a firearm, are willing to follow the rules, are safe & are an asset to the association & not a liability.

Q: What does an individual membership cover?

A: Just you, the member.

Q: I have a family membership, can I bring my 19 year old son who is in collage under my membership.

A: No, if your child is 18 or older, they are an adult & you would need a guest pass. A family membership covers the member, their spouse & any dependent children under the age of 18 and handicap dependent adult children.

Q: Who is responsible for enforcing the rules?

A: The executive committee & each and every member.

We are a self regulating association, it is the responsibility of every member to assure the well being of the association. If you witness an infraction, either correct it or report it to the executive committee for review.

Frequently Asked Questions

Q: What does a family membership cover include?

A: A family membership includes A member, A spouse & any dependent children living at home under the age of 18 & any dependent handicap adult children living at home.

Q: I have a family membership, can I bring my grandchildren to the club to fish on a guest pass?

A: No, the lake area is restricted to members only, your grandchildren would have to join as a junior member to use the lake area.

Q: Why so many rules?

A: This is a private association & the rules that the association follows are a culmination of solutions to deal with situations that have arisen over the years. Almost all of the rules in force are common sense & are the same conventional safety rules practiced at clubs all over the country.

Q: Do I have to go to the clubhouse to sign in if I'm only using the outdoor archery range?

A: Yes, All members & their invited guests must sign in/out each & every time they enter/exit the association property.

Q: When my membership expires, how do I renew?

A: Each year just before expiration time renewal forms are sent to each & every current association member.

Q: My membership has expired & I need to sight in my rifle for deer season, can I just go to the range, sight it in & send in my renewal when I get time?

A: No, While you have up to the deadline in June to renew your membership, **You may not** use the association facilities until you have received your new membership card.

Q: I have a family membership, does my spouse get a card & can they come to the club by themselves?

A: Your spouse can get a card under a family membership only after attending the new member orientation & joining the NRA, otherwise your spouse would have to be accompanied by the card holder & not by themselves.

Q: Why do I have to stay under the range cover while shooting?

A: This is part of the agreement with West Marlboro township under their ordinance no. 94-03, this is not our choice, this is local law.

Frequently Asked Questions

Q: I see there is a bulletin board in the entrance foyer to the clubhouse, who can use this & how?

A: All paid members may post any notice on the association bulletin board. Do not post anything on the board above the sign in book or in the area being used by official club notices on the large board. All postings will be removed at the end of the 2nd month from posting & any item deemed to be unfit for posting will be removed.

Keep it neat.

Q: Can I use a crossbow on the archery ranges?

A: Yes, As long as you provide you own approved target block. *See archery rules.*
